

SCIENTIFIC REPORTS  
OF  
HOKKAIDO FISHERIES EXPERIMENTAL STATION

Nos. 11-20

Contents

---

No. 11 (September, 1969)

- Report No.  
A 59 KOBAYASHI, Takashi, Makoto WAKO and Masaji NAITO : Studies on the life of the pacific saury, *Cololabis saira* (BREVOORT). II. Aggregative characteristics of adult of the spring-spawning population ..... 1  
A 60 KOJIMA, Iori, Takashi YORITA and Tatsuji UENO : Fishing grounds and some biological observations of shrimps off Ishikari bay, Hokkaido .....30  
A 61 KIDA, Kenji and Kaoru TAMOTO : Studies on the muscle of aquatic animals. IV. On the relation between various pH values and organic acids of Nagazuka muscle (*Stichaeus grigorjewi* HERZENSTEIN) .....41

No. 12 (March, 1970)

- A 62 TANAKA, Tomiju : Studies on the fishery biology of Alaska pollack (*Theragra chalcogramma* (PALLAS)) in the Northern Japan Sea. 1. A consideration with its mass-construction..... 1  
A 63 KOBAYASHI, Takashi, Makoto WAKO and Masaji NAITO : Studies on the life of the pacific saury, *Cololabis saira* (BREVOORT). III. Aggregative characteristics of the spring-spawning population in their spawning season in the Japan Sea .....13  
A 64 KAWAMURA, Kazuhiro : On the development of the planktonic larvae of Japanese Sea urchins, *Strongylocentrotus intermedius* and *S. nudus*.....25  
A 65 KAWAMURA, Kazuhiro, Tadahiko HAYASHI, Minokichi SATO and Mutsuo TAKANO : Ecological observations on the abalone, *Haliotis discus hannai* INO, in the closed fishing grounds along the coast of Otaru, Hokkaido, Japan .....33  
A 66 SATO, Teruhiko : On the relation between viability and quality in marine algae. 3. On the use of TTC reaction as a viability indicator for *Laminaria japonica* ARESCH .....47

### No. 13 (March, 1971)

- A 67 YANAGIDA, Katsuhiko, Masahiro KAKIUCHI and Yasuaki TSUJI: Ecological study on *Laminaria Japonica* var. *ochotensis* (MIYABE) OKAMURA in the vicinity of Monbetsu on the Okhotsk Sea Coast of Hokkaido, Japan..... 1
- A 68 TAKI, Jyo: Tetracycline labelling of test plates a sea in *Strongylocentrus intermedius* .....19
- A 69 TOMITA, Kyoji and Nobuo TAZAWA: On the stomach contents of young abalone, *Haliotes discus hannai* INO, in Rebun Island, Hokkaido.....31
- A 70 FUKUMI, Toru, Masayoshi NAKAMURA, Tetsuya WATANABE, Kaoru ONOZUKA and Mutuo USUKI: Studies on the coloration of fish eggs. 15. On the coloration of salted pollack-roe by Niter .....39
- A 71 UENO, Tatsuji: List of the marine fishes from the waters of Hokkaido and its adjacent regions.....61

### No. 14 (March, 1972)

- A 72 TASHIRO, Masatoki, Yoshihiro YAMAGISHI and Takayuki SUZUUCHI: Results of the tagging experiments of a common squidfish, *Todarodes pacificus* (STEENSTRUP) made in off-shore area of the Northern Japan Sea during a summer season of 1970 —An attempt to grouping of the tagged squids by size— ..... 1
- A 73 KANNO, Yasuji: Relative growth of the tanner crab (*Chionectes opilio*) in the Okhotsk Sea and its difference in two fishing grounds .....17
- A 74 TORII, Shigeki, Yoshiaki SANBONSUGA, Eiji ABE, Takashi FUNANO, Masao ISHIKAWA, Keiji KUDO, Shigeru SASAKI, Masahiro KAKIUCHI and Takashi KANEKO: Some notes on the methods of estimation of the standing crop and analysis of the community of *Laminaria*.....31
- A 75 KANEKO, Takashi: Sporogenesis in *Laminaria japonica* var. *ochotensis* OKAMURA .....45
- A 76 MARU, Kuniyoshi: Morphological observations on the veliger larvae of a scallop, *Patinopecten yessoensis* (JAY) .....55
- A 77 ARIMA, Kenji, Shinji HAMAYA and Yoichi MIYAKAWA: Feeding behavior of the starfishes to the bivalves .....63

### No. 15 (January, 1973)

- A 78 KANEKO, Takashi: Morphology of the female gametophyte and the young sporophyte of *Laminaria japonica* var. *ochotensis* OKAMURA in Nature... 1

- A 79 FUNANO, Takashi : An ecological survey of *Porphyra yezoensis* UEDA growing on the reefs of Fugoppe Point in Yoichi, Hokkaido ..... 9
- A 80 MARU, Kuniyoshi and Akio OBARA : Studies on the ecology of the scallop, *Patinopecten yessoensis* (JAY). 2. On the seasonal variation of the fatness of soft body.....23
- A 81 MARU, Kuniyoshi, Akio OBARA, Kazuo KIKUCHI and Hiroyuki OKESAKU : Studies on the ecology of the scallop, *Patinopecten yessoensis* (JAY). 3. On the diurnal vertical distribution of scallop larvae.....33

**No. 16** (November, 1973)

- A 82 KAWAMURA, Kazuhiro : Fishery biological studies on a sea urchin, *Strongylocentrotus intermedius* (A. AGASSIZ) ..... 1
- A 83 KAKIUCHI, Masahiro and Yasuaki TSUJI : An annual change of the liberation number of the conchospores and growth of the *Conchocelis* of *Porphyra yezoensis* UEDA in the shell of *Patinopecten yessoensis* (JAY).....55

**No. 17** (January, 1975)

- A 84 IWATA, Munehico : Population genetics of the breeding groups of walleye pollock (*Theragra chalcogramma*) based on tetrazolium oxidase polymorphism ..... 1
- A 85 NIIHARA, Yoshiaki : Physiological studies of *Laminaria japonica* var. *ochotensis*. The effect of temperature, light intensity and salinity upon photosynthesis and respiration of young sporophytes.....11
- A 86 NAKAMURA, Masayoshi, Kaoru TAMOTO, Kayoko KASAHARA and Kokichi NISHIBORI : Studies on odor of walleye pollock-1. Identification of odor constituents in carbonyl, acidic, and basic fraction of the casing "Kama-boko" (Japanese style fish paste) .....19

**No. 18** (January, 1976)

- A 87 HAYASHI, Kiyoshi : Fisheries biological studies on the young Alaska pollack, *Theragra chalcogramma* (PALLAS). Difference in growth between year classes around the south-western coast of Hokkaido in the northern Pacific Ocean ..... 1
- A 88 MARU, Kuniyoshi : Studies on the reproduction of a scallop, *Patinopecten yessoensis* (JAY) —1 Reproductive cycle of the cultured scallop ..... 9
- A 89 NISHI, Kohei and Hajime NISHIDA : Studies on freezing and refrigeration of marine products—11 On biochemical changes of adductor muscle of sea

scallop (*Patinopecten yessoensis*) during storage .....27

**No. 19** (February, 1977)

- A 90 KOTORI, Moriyuki : Plankton investigations in Ishikari Bay, Hokkaido.  
    Zooplankton biomass during the summer and autumn of 1975..... 1
- A 91 TOMITA, Kyoji, Ken-ichiro TAJIMA and Keigo KUDO : Morphological observa-  
    tion of the veliger and the creeping larvae of an abalone, *Haliotis discus*  
    *hamai*, from Rebun Island in the north-western Hokkaido .....13

**No. 20** (March, 1978)

- A 92 KOTORI, Moriyuki and Tomomi WATANABE : Plankton investigations in Ishi-  
    kari Bay, Hokkaido. II. Phytoplankton-herbivores relationships in the “ne-  
    ritic province” during the summer of 1975..... 1
- A 93 MARU, Kuniyoshi : Studies on the reproduction of a scallop, *Patinopecten*  
    *yessoensis* (JAY) -2 Gonad development in 1-year-old scallops.....13
- A 94 MARU, Kuniyoshi : Studies on the reproduction of a scallop, *Patinopecten*  
    *yessoensis* (JAY) -3 Observation of hermaphroditic gonads .....27
